Workstead has a strict Non-Discrimination Policy and firmly rejects any form of discrimination. Our business practices are designed to provide job applicants with fair opportunities regardless of age, gender, marital status, sexual orientation, life, political or religious beliefs, race, ethnicity or nationality.

We treat all candidates equally in our recruitment and selection process. We evaluate candidates solely on the basis of job-related criteria. Client requests to consider specific criteria will only be honored if they are objectively justified.

Additionally, we do not tolerate discriminatory treatment of our employees by third parties. This policy applies to both our own employees and those working under the direction and supervision of our clients.

Do you have any questions, comments, or complaints about our Non-Discrimination Policy? Please contact our Complaints Department or your regular Workstead contact. You may also refer to our Complaint Procedure, which is available on our website above.
